As the 2020 school year begins, the Oconee County Board of Education is honored to continue serving the entire school district community. One of the belief statements of Oconee County Schools is that everyone is accountable for excellence, and this is evident in the sustained success of our school system. To that end, we applaud the hard work of our teachers, administrators, support staff, students, parents, and partners for their diligence and unwavering support of our schools.

Our school system continues to have major accomplishments, reflected in the top honors received at the state and national levels. From being the #1 county school system in Georgia to having the #4 ACT and SAT scores in the state, our district, schools, teams, and individuals continue to achieve at high levels. This requires the efforts of so many and has resulted from years of maintaining a commitment to sustained excellence in our system.

Student growth continues to demand our attention and the Board has approved a 10-year Capital Building Plan to ensure we can meet the future growth of those who wish to move to our fine county. In addition, the Board is strongly supportive of two learning initiatives that ensure our students are prepared to succeed in today's global and digital world. The itslearning (Learning Management System) was fully implemented this past school year for students, teachers, and parents in grades K-12. In addition, the system also completed its 1:1 Chromebook initiative for students in grades 2-12 and will add grades K-1 this coming school year.

During the COVID-19 school closure, the strength of our Oconee County Schools community was more apparent than ever. Thank you to all for your support and flexibility during this unprecedented time. We look very forward to the school year ahead and being of service to the Oconee County Schools community.

Sincerely,
Tom Odom, Board Chair
Kim Argo, Board Vice Chair
Wayne Bagley
Tim Burgess
Amy Parrish

As we kick off another school year in Oconee County Schools, I remain humbled by the way the entire school community came together in the midst of unprecedented circumstances. Lines between home and school were blurred and each of us wore multiple hats like never before. We finished strong because of the hard work of our parents, teachers, administrators, and support staff. Our students did a remarkable job with distance learning and we are again reminded of the sustained excellence in our system.

As Georgia’s premier school district, we often say we offer a world-class education with a small-town feel. The sense of community here is truly something special. The high standard of educational excellence in OCS has been recognized at the state and national levels. We are the #1 school system in Georgia (SchoolDigger), the #1 school system in Georgia for fiscal responsibility (Georgia Department of Education), and the #3 county school system in America for excellence in public education (Niche). On and off the field, in arts and academics, and in service-learning activities, our students, teachers, coaches, administrators, and support staff consistently lead. A special thanks to our Board of Education for their steadfast leadership, which has been recognized by the Georgia School Boards Association and AdvancEd.

To our entire school community and all of Oconee County, thank you. I am so proud to be your superintendent and look forward to the 2020-21 school year. We are indeed blessed to live, work, and learn in this fine county we call home.

Sincerely,
Jason L. Branch, Ph.D.

85 employers participated in Work-Based Learning
Some people spend their whole life searching for the perfect career. I consider myself one of the most fortunate. I have dreamed of being a teacher since I was five. But not just any teacher – a science teacher in Oconee County just like my mom. The only dream I have ever had is to fill the shoes she left behind. My mom, who actually taught me, was one of the greatest teachers I have ever known. The impact she made in teaching keeps me going and is one of the biggest reasons why I became a teacher.”

DISTANCE LEARNING
MARCH-MAY 2020

School Nutrition staff served over 72,000 meals during the closure. They were supported by counselors, nurses, and school psychologists.

Operations staff ensured buildings remained thoroughly cleaned and sanitized.

Students did not miss one day of instruction! Distance learning began on Mon., March 16. A huge thanks to parents for their support!

Teachers did an incredible job supporting students in many creative ways during the closure.

Schools held Spirit Days to foster strong relationships - and have fun - with students.

Every elementary school hosted a neighborhood drive-by parade! This was a wonderful way to see our families from a distance.

Schools connected with students in a variety of creative and meaningful ways.

Art, Music, P.E., and Media Centers remained an active part of students’ learning experiences with unique opportunities.

Board Meetings, school system meetings, and professional development all took place via Google Meet.

Transportation staff played a key role in meal service and elementary parades.

FLEX Fridays provided flexibility for families as no academic work was assigned on Fridays starting in April. There were social-emotional lessons each week.

High school stadiums shone brightly each night at 20:20 for 20 minutes and 20 seconds to honor the Class of 2020.

Diploma Pick-Up Day, followed by virtual graduation ceremonies, were utilized to celebrate our graduates. In-person graduation followed in July.

Teachers and students enjoyed finding safe ways to visit with each other at the end of the school year.

Even from a distance, we remained #togetherinspirit!

THIS YEAR WAS UNLIKE ANY OTHER AS WE FACED A NATIONWIDE PANDEMIC.

IN THIS UNPRECEDENTED TIME, THE OCONEE COUNTY SCHOOLS COMMUNITY REMAINED #TOGETHERINSPIRIT.

WE ARE - AND FOREVER WILL BE - OCONEE STRONG.
THANK YOU TO OUR SPONSORS!
