SYSTEM INFORMATION
A-Z**

ACCIDENT PROCEDURES

Responsibility of the School

The function of the school during sudden illness and accidental injury is the emergency handling of these situations. School personnel will act promptly and prudently in emergencies for the saving of life, the prevention of further injury, and alleviation of pain. The parent or guardian of the sick or injured child will be notified immediately or as soon as can be reached. The school is not responsible for subsequent treatment.

Accidents

When a serious accident occurs involving a student, the school should arrange with the parents for emergency transportation to a medical facility. Every attempt will be made for a school administrator or designee to remain with the child until they are turned over to the parents' care.

AMERICANS WITH DISABILITIES ACT (ADA)

In compliance with the Americans with Disabilities Act, anyone attending a school activity needing assistance due to a disability should notify the school in advance. Any concerns regarding the Americans with Disabilities Act should be directed to the school's principal.

ANNUAL NOTIFICATION OF PARENTS, TEACHERS, AND EMPLOYEES REGARDING THE AVAILABILITY OF ASBESTOS MANAGEMENT PLANS

The management plan for asbestos-containing building materials (ACBM), required by the federal Asbestos Hazard Emergency Response Act (AHERA), has been performed for this facility. The management plan is on file at the school office and is available for public inspection upon reasonable notice. If desired, a copy of the plan may be obtained upon payment of a \$2.00 reproduction fee. If you have questions, please contact the school principal for further information.

OCS ACCEPTABLE TECHNOLOGY USAGE AGREEMENT

Upper Level 6-12

Oconee County Schools (OCS) has actively pursued making advanced technology and increased access to learning opportunities available to our students and staff. These efforts support engagement in the classroom and prepare students for today's world.

The purpose of this document is to enumerate acceptable and unacceptable uses of technology resources and to educate staff and students about their responsibilities. Although some specific examples of prohibited uses by users are stated, they are intended as illustrations only and do not purport to be an all-inclusive list of inappropriate behaviors. The technology resources covered by this agreement include all computers, devices, and networks owned and/or operated by OCS, whether accessed from home or school and any privately owned devices used on the OCS network or at an OCS campus/activity.

PROPER AND ETHICAL USE: With technological learning tools, users must understand and practice proper and ethical use. All OCS personnel must read and agree to the following terms and conditions of use.

This usage agreement must be available to all parents and students.

TERMS AND CONDITIONS USE

1. Acceptable Use

The purpose of OCS technology is to support adopted curricula by providing access to unique and current information resources. To continue to have access to the technology resources, your use must be consistent with the approved educational objectives of OCS. Use for personal activities is generally not acceptable. Use for commercial activities, product advertisement, or political lobbying is expressly prohibited.

2. Privileges

Inappropriate use, including any violation of the procedures in this agreement, may result in cancellation of your access and disciplinary action. The building principal or designee, under this agreement, is delegated the authority to determine appropriate use and may restrict any user's access at any time.

3. Monitoring

OCS reserves the right to review any material stored and transmitted with school system technology or on school provided network resources. This monitoring is intended to determine whether specific uses of the network are appropriate.

4. Network Etiquette

You are expected to abide by the generally accepted rules of network etiquette. These include but are not limited to the following:

1. Be polite and use appropriate language
2. Use of technology resources to circulate chain letters and pyramid schemes is not permitted
3. Deceptive communication, in which your messages appear to come from another specific person, is never allowed
4. Do not use technology resources in such a way that you would disrupt other users (sounds and/or excessive bandwidth usage, e.g., radio/audio streaming, video streaming)

5. No Warranties

OCS makes no warranties of any kind, whether express or implied, for the technology resources it is providing. OCS will not be responsible for any damages you suffer. This includes loss of data resulting from hard drive failures, mail delays, no-deliveries, or service interruptions caused by system negligence or by your errors or omissions. Use of any information obtained via the Internet is at your own risk. OCS specifically denies any responsibility for the accuracy or quality of information obtained through its technology resources.

Students: OCS may not at any time be held responsible for any loss or damage to a student's personal device. Students bring devices at their own risk. Help and support will not be provided for personal devices.

6. Security

OCS has a differentiated filtering system for employees and students which filters access to resources by the users' ID. Everyone is held accountable for actions taken under their login. Passwords are to be kept confidential and protected. The unauthorized disclosure of a password can be a criminal offense under O.C.G.A. § 16-9-93, which is the Georgia law that defines computer crimes. You are accountable for all actions taken under your login. No one should log on to the network using another person's ID. If a computer is found logged in, log it off. All students must lock their computer when not in direct view of the workstation.

Electronic communications are not guaranteed to be private. All electronic transactions are monitored by OCS and are subject to open records requests and if requested in connection with a lawsuit or other legal proceeding.

Students: If you identify any security problem on a computer or the OCS network, you must notify a teacher so it will be reported to the Technology Department. Do not demonstrate the problem to other student users.

If there is reasonable suspicion to believe that students have violated school policies, regulations, or guidelines, OCS may examine and search the contents of students' devices brought on school property or on school-sponsored activities.

7. Vandalism and Harassment

Vandalism or harassment will result in the cancellation of your technology and network privileges.

Vandalism is defined as any malicious attempt to harm, modify, or destroy data or hardware. This includes but is not limited to modifying settings or installing malicious software. If you have information regarding a case of vandalism, report it to a teacher or administrator.

Harassment is defined as the persistent annoyance of another user, or interference with another user's work, including unwanted electronic communications and unwanted or uninvited amorous or sexual messages. Harassment should be reported to the appropriate person: teacher, counselor, school administrator, or Human Resources Department.

Cyberbullying is the transmission by any electronic communications that has the effect of bullying another student, including but not limited to sending email or text messages, or making website postings (e.g., postings on Face Book, Twitter, Instagram, You Tube, etc.). This prohibition applies to cyberbullying that occurs on campus and, under the circumstances outlined in Code 29: Bullying, to cyberbullying that occurs off campus (see Code 30 of the Student Behavior Code). When evidence of cyberbullying is reported to school officials, an investigation will be conducted by the school's administration. Discipline will be imposed as warranted by the Student Behavior Code. If you believe that you have been a target of cyberbullying, please contact a teacher or counselor. Law enforcement will be contacted when the act of cyberbullying involves physical assault or battery on another student or school employee.

8. Procedures for Use of the Internet

Students of OCS may connect their personal wireless devices to the system network. By using the OCS network, you accept the terms of this agreement. Personal devices are not to be connected to the wired network.

Students: Student users must always get permission from their teachers before using the network or accessing any specific file or application. All students with personal wireless devices must use the district provided wireless, which is filtered according to the Children's Internet Protection Act (CIPA) requirements. The use of personal devices is at the discretion of the principal and at the direction of the teacher in the classroom. Students are not to use non-district wireless service providers to get around any rules or Internet filters while on district property.

When using a school-owned device outside the Oconee network, be aware that the Internet access is not filtered and that inappropriate sites or content may be displayed if users are not careful.

9. Encounter of Controversial Material

You may encounter material that is controversial and that users, parents, teachers, or administrators may consider inappropriate or offensive. It is your responsibility not to initiate access to such material or circumvent any filtering software.

Any decision by OCS to restrict access to internet material will not impose any duty on the system to regulate the content of material on the Internet. OCS has implemented measures to be in compliance with the Children's Internet Protection Act. If you have received controversial material through electronic communications, do not forward or duplicate it in any form. Notify your teacher or building administration.

10. Supervision

During class time, each student's access to, and use of, approved technology resources (personal and district provided) will be under the teacher's direction and monitored as a regular instructional activity. (During non-instructional times on campus, students may use their approved technology resources but must remain in compliance with this agreement.) At no time should a teacher's direction supersede the intention of the district's filtering system in blocking certain internet sites.

11. Copyright

All users must respect the copyrights of works accessible through technology resources connected to the network.

Do not make copies of copyrighted music, video, and/or software without permission of the copyright owner. Users may not install software or apps on OCS owned and operated computers without evidence of a valid software license.

12. Publishing Online

OCS provides web publishing mediums for all teachers (Moodle, Blogs, Google Sites, etc.). Any site that represents OCS in any capacity not hosted on system servers cannot be linked to or referenced by teachers UNLESS the school system has been granted administrative permissions to such an external site. OCS retains full editorial control of any site.

1. All posts must be moderated
2. All web publishing should strive for the highest standards of grammar and conventions; any outside references should be appropriately cited
3. All web pages should be in support of the classroom and school mission
4. Online publishing must follow all FERPA guidelines and be ADA compliant
5. Legally acquired copyrighted materials must be posted within password-protected areas. Materials that have not been legally acquired should never be posted
6. Individual teachers will review their students' material before publication outside the school community; the quality and completeness of any published work should be such that both student and teacher are proud that a larger audience can experience it
7. District-sponsored teacher pages must link back to campus websites; campus websites must link to district sites
8. All websites should maintain current information
9. Names and contact information of staff persons or volunteers maintaining the page should be readily accessible to technology personnel
10. Each page will post this disclaimer: "Any link beyond this website does not constitute an endorsement by Oconee County Schools. Oconee County Schools takes no responsibility for and exercises no control over the organizations, views, or accuracy of the information presented by other sites. If you have difficulty accessing anything on this site, please call 706-769-5130."

13. Safety Guidelines

Students: Parents/Guardians may elect to restrict publication of information about you including posting in standard and electronic publications such as the Internet, by signing the *Consent to Publish Media Standard Release* and the *Directory Information Consent* found in the OCS handbook.

1. Pictures, videos, or other media that include the heads of students, as well as student work, should be posted online only if a *Consent to Publish Media Standard Release* has been signed by parents
2. Unless parents opt out, OCS may publish the following directory information: The Superintendent will authorize the release of directory information only when it serves the best interest of the student(s). (See JR-E(1)).
 - A. Student's name, address, telephone listing, e-mail address, photograph, date and place of birth
 - B. Major field of study
 - C. Dates of attendance
 - D. Grade level
 - E. Student's participation in officially recognized school activities and sports
 - F. Weight and height of athletes
 - G. Last attended school
 - H. Diplomas, certificates, awards, and honors received

Penalties for Improper Use

Crimes which involve the inappropriate use of a computer are defined in O.C.G.A. § 16-9-93 and include (1) computer theft, (2) computer trespass, (3) computer invasion of privacy, (4) computer forgery, and (5) unauthorized disclosure of a password or further means of access to a computer or computer network.

In addition, there is a specific law against electronic distribution of obscene material to minors (O.C.G.A. 16-12-100.1).

Federal law (18 USC 1030) provides for fines and imprisonment up to 20 years for unauthorized or fraudulent use of computers that are used by or for the federal government, which includes many of the computers on the Internet, and for unauthorized disclosure of passwords and similar information when this affects interstate commerce. (Recall that e-mail, as well as long-distance phone calls, constitute interstate commerce and thus fall under this law.)

The Electronic Communications Privacy Act (18 USC 2701-2709) and other wiretap laws prohibit unauthorized interception of electronic communications, including electronic mail.

You must also obey laws against private use of state property, divulging confidential educational records, copyright infringement, fraud, slander, libel, harassment, and obscenity. Laws against obscene or harassing telephone calls apply to computers that are accessed by telephone.

The Georgia Open Records Act applies to information stored in technology resources. This act gives citizens the right to obtain copies of public records, including any record prepared, received, or maintained by OCS in the course of its operations. Some kinds of records are exempt; among these are student records (including tests and homework), medical records, confidential hiring evaluations, trade secrets, and material whose disclosure would violate copyright laws.

ATTENDANCE PROTOCOL

Intent

State Law requires that the school system, with the aid of county officials and social service agencies, develops and implements a Student Attendance Protocol. The objective is to reduce the number of student absences from school. The Student Attendance Protocol includes procedures to be used in identifying, reporting, investigating and prosecuting cases of alleged violations of the State Compulsory Attendance Law. This law mandates school attendance for children ages 6 to 16. Additionally, the protocol must specify local methods used to determine the causes of student truancy and to develop solutions to remedy these causes.

The following Attendance Regulation contains "Best Practices" to support the belief that daily school attendance is critical to the development of any student. Absence from school should be avoided whenever possible.

Recording Absences

Teachers and school attendance clerks will keep records of students' daily attendance as required by state law. The student information system will be used to record excused absences, unexcused absences, tardies, early checkouts, and suspensions.

A student is absent if he/she:

- Misses more than one-half of the instructional day (3+ hours).
- Arrives to school after 11:00 AM (K-5) or 12:00 PM (6-12).
- Leaves school before 11:00 AM (K-5) or 12:00 PM (6-12) and **does not return** to school that same day.

Any high school student who misses one-half or more of any class will be counted absent from that class.

Oconee County Attendance Risk Reduction Panel

By order of the Juvenile Court, the Oconee County Attendance Risk Reduction Panel has been established. Students with excessive absences and/or tardies may be called to appear before this panel, which consists of members of various community agencies gathered to provide support to parents and children for the purpose of improving attendance. It is incumbent upon the parent(s)/guardian(s) to work with the panel to develop a plan of action. Failure to comply with the plan may result in a referral to the Department of Family and Children Services and/or Juvenile Court.

Excused Absence

1. Any state approved reason (as listed below)
 - Personal illness, requiring attention from a health care professional (i.e. doctor, dentist, psychiatrist, etc.)
 - Serious illness or death in a student's immediate family
 - A court order or an order of a government agency mandating absence
 - Religious holiday
 - Conditions rendering attendance impossible or hazardous to student health or safety
 - Registering to vote or voting in a public election
 - Visitation with a parent or legal guardian in military service in the armed forces of the United States or the National Guard, and such parent or legal guardian has been called to duty for or is on leave from overseas deployment to a combat zone or combat support posting
 - All students serving as pages of the Georgia General Assembly
 - All students in foster care who attend court proceedings relating to the student's foster care will be counted present
2. All students traveling on a school-sponsored trip

Parent Excused Absences

Each student is allowed **5** parent excused absences per year. These absences are to be supported by a note from the parent/guardian, and must be received within **2 days** of the student's return to school in order to be accepted.

Unexcused Absence

All absences, other than those listed under the *Excused Absence* section, will be considered "unexcused."

Consequences of Unexcused Absences

1. After five absences, the school will notify the parent(s)/guardian(s). The notice will outline the penalties and consequences of such absences and state that each subsequent absence will constitute a separate offense under the Georgia Compulsory Law.
2. A written summary of possible consequences and penalties for failure to comply with the Georgia Compulsory Law will be provided to parent(s)/guardian(s) by September 1 of each school year or within 30 days after a student has enrolled in the school district. The parent(s)/guardian(s) will sign a statement indicating receipt of such written statement of possible consequences and penalties. Students who are 10 years or older by September 1 will sign a statement indicating receipt of a written statement of possible consequences for noncompliance with the school district's attendance policy.
3. The lead social worker will be notified for intervention should excessive absences continue.
4. When a student, who is beyond the compulsory attendance age, misses more than 10 consecutive days of school, the School Attendance Committee may withdraw that student and report them as non-compliant if he/she is under the age of 18. If 18 years or older, students who miss more than 10 days per semester may be withdrawn from school or placed at the Oconee County Community School. (Note: the compulsory attendance age in Georgia is 6-16.)
5. If a student was granted a transfer to another school, he/she may be placed back at his/her school of origin as recommended by the Principal and Superintendent, or the Superintendent's designee.
6. Any situation resulting in excessive absences may be referred to the Oconee County Attendance Risk Reduction Panel.

Tardy

A student is marked tardy if he/she arrives after the start of the school day (or the start of class for high school students). Tardies are excused for the same reasons as excused absences with proper documentation. High school tardies are counted per period. Punctuality is expected. Excessive tardies may be referred to the school social worker and/or an administrator for appropriate discipline, which may include anything from detention to in-school suspension (ISS) and/or out-of-school suspension (OSS).

Early Checkout

A student will be marked as an early checkout if he/she leaves before the end of the school day, missing no more than three hours of school. Schools will not accept phone calls, faxes, or emails requesting an early checkout for a student driving his or herself from school. Early checkout will only be granted by a note from the parent/guardian turned in prior to 8:15 a.m. the day of checkout. Failure to submit the required documentation will result in the parent/guardian having to check the student out through the attendance office.

Consequences of Excessive Tardies and/or Early Checkouts

1. Elementary school interventions may include phone calls and letters to parents, and/or referral to the school Social Worker.
2. Middle school interventions may include the above and/or after school detention.
3. High school interventions may include the above, as well as after school detention, Saturday school, and/or loss of parking privileges.
4. If a student was granted a transfer to another school, he/she may be placed back at his/her school of origin as recommended by the Principal and Superintendent, or the Superintendent's designee.
5. Any situation resulting in excessive tardies and/or early checkouts may be referred to the Oconee County Attendance Risk Reduction Panel.

Attendance for Extra-Curricular and Co-Curricular Participation - Middle School and High School

1. A student must be in attendance for at least a half day of school in order to participate in an extra-curricular or co-curricular activity, except for extenuating circumstances.
2. A student may not participate in an extra-curricular or co-curricular activity on a day that he/she has served either out-of-school suspension (OSS) or in-school suspension (ISS), unless the in-school suspension is completed by 3:30 p.m. (Out-of-school suspension is effective from the time the disposition is assessed until the beginning of the first day that the student is back in school.)
3. A student who goes on a field trip is not considered absent.

BULLYING

Bullying, as described in Georgia Law, is prohibited in all Oconee County Schools. When a parent, student, teacher, staff member, or other adult suspects that bullying has occurred, they are expected to report the incident to school administration immediately. School personnel are mandated to report an incident if they have reliable information that would lead a reasonable person to believe that bullying is occurring. Once school administration has been notified, an immediate investigation will occur.

If the administration finds that bullying has occurred, the administration will take appropriate disciplinary action based on the severity and number of offenses. The administration will also contact the parents of both the victim and the person bullying, so that all parties involved are aware of the situation. Oconee County Schools, at all three levels, has developed a progressive discipline chart in order to respond to bullying. At each level, the range of punishment can vary from a warning and counseling to expulsion. In grades 6-12 - upon the third bullying offense - the school will take the accused before a hearing officer and make a recommendation that the student be placed in the Oconee County Community School for up to one calendar year. Students who are charged with bullying in the elementary grades may be placed at another school to rectify the behavior. If this action occurs, the parents will be responsible for transporting the student to and from school.

All individuals who report an incident of bullying in good faith will be immune from civil liabilities for any damages caused by such reporting. Retaliation following a report of bullying is prohibited and should be reported to school administration immediately. Training will take place for administration and staff as needed.

CLUBS AND ORGANIZATIONS

Oconee County Schools offers a variety of clubs and organizations for student participation. Parents may choose to decline for their child to participate in any club or organization available through Oconee County Schools by completing a form at the school or the signature page in the front section of the OCS District Pages.

****For a list of clubs and organizations at your school, please contact the school's front office.**

Written permission from a parent or guardian is required prior to a student's participation for clubs or organizations started during the school year.

CONFERENCES

Individual parent/teacher conferences may take place at any time during the school year when either the parent or teacher deems one necessary. There are two set conference dates during the school year for grades K-8. Should a parent decide to have an attorney present during a conference, the school should be notified prior to the conference so that Board of Education attorney can be present as well.

CONSENT TO PUBLISH MEDIA/STANDARD RELEASE

Occasionally, employees may publish electronic media of students for various purposes including highlights of student work, performances, and school events, as well as distribution of school broadcast news via the Internet. In addition, Oconee County Schools and/or its teachers may produce websites and other electronic publications that contain student pictures, videos and other media along with the students' names. The signature page contains a *Consent to Publish Media* authorization.

DISCIPLINE – STUDENT BEHAVIOR CODE

Development of the Student Behavior Code

This code was developed in conjunction with Georgia school laws pertaining to student discipline in elementary and secondary public education outlined in the Official Code of Georgia Annotated (O.C.G.A.), commonly called the Georgia Code (specifically, O.C.G.A. § 20-2-730 – O.C.G.A. § 20-2-769). Such a code is mandated in O.C.G.A. § 20-2-735. The behavior code is reviewed on an annual basis. The revisions of the behavior code will go into effect on the first day of school each year.

When the Student Behavior Code Applies

The rules contained in the *Student Behavior Code* apply to students, both during and outside normal school hours, who are:

- On school system property
- Off school system property while attending a school activity, function, or event
- En route to or from school or school-related activities
- Off school system property if: (a) the student's off-campus conduct could result in the student's being charged with a criminal offense (or delinquent act) that would be a felony if committed by an adult and the off-campus conduct either makes the student's continued presence at school a potential danger to the educational environment or disrupts the school environment; or (b) the student's off-campus expressive behavior (including, but not limited to, written communication, internet postings, communication through social media, cyber bullying [threats or harassment], or texting) could reasonably be expected to come to the attention of school officials and create a substantial risk to the safety of students, staff or others and/or a risk of substantial disruption to the school, program, or school environment.
- School bus stops

Explanation of Consequences

Detention

A requirement that the student report to a specific school location and make up work missed or to receive specific instruction in behavior modification. Detention may require the student's attendance before or after school.

Alternative Placement for Elementary Students

Temporary removal of a student from the regular classroom and assignment to another classroom or administrative office for a period of time deemed appropriate by school administration.

Short-Term Alternative Placement (In-School Suspension or ISS)

Removal of a student from the classroom to work in an isolated area staffed with school system personnel. While in this setting, the classroom teacher provides work for the student to complete. This is used sometimes in lieu of out-of-school suspension. The student is excluded from all school-sponsored and extracurricular activities while assigned to this setting.

Therapeutic Removal of a Student

A student may be sent home from school for therapeutic purposes. The principal or designee and the parent/guardian may agree that, in some instances, it may be better for a student to leave school temporarily. This time away from class should not be considered as suspension.

Suspension

Removal of the student from the school campus and exclusion from all school-sponsored activities, extracurricular activities, and course work required. Suspension by the school principal or designee will not exceed 10 consecutive days. The disciplinary hearing officer or the Board of Education may only impose suspensions beyond 10 days after a due process hearing to determine guilt or innocence. A student suspended beyond 10 days may be afforded the opportunity to enroll in the alternative program.

Expulsion

The removal of a student from the school system for an extended period of time; or permanent removal by the Board of Education or through a disciplinary hearing.

Long-Term Alternative Placement

A setting that a student may be offered when suspended from school for more than 10 days. The student is excluded from all school-sponsored and extracurricular activities while assigned to the alternative school (unless otherwise designated by the superintendent or designee). There are at least four ways a student may gain entry to this program:

- Through a disciplinary hearing process
- Through principal and parent/guardian agreement (proper waivers must be signed)
- By committing a third offense for bullying (applies to middle and high school students)
- By superintendent assignment (only for students in grades K-5)

Explanation of the Term “Possession”

A student is in “possession” of an illegal or prohibited item when it is found, or determined to be, in or on the person of the student, in his or her personal effects (including book bag, pocketbook, or athletic bag), located in the student’s locker, in a student’s vehicle (or a vehicle in which the student was transported), while the student is on school property or at any school event or function.

Discipline Incident Type Codes

CODE 01: ALCOHOL

Violation of laws or ordinances prohibiting the manufacture, sale, purchase, transportation, possession, or use of intoxicating alcoholic beverages or substances represented as alcohol during the school year.

A student will not possess, sell, use, transmit, consume, or be under the influence of any alcoholic beverage, stimulant, or intoxicant of any kind.

Disposition: Ranges from a Written Warning to Expulsion (Suspension time may be reduced if the student successfully completes a school-sponsored and approved intervention program.)

CODE 02: ARSON

Unlawful and intentional damage or attempted damage to any real or personal property by fire or incendiary device. Examples include firecrackers, fireworks, and trash can fires (if they are contributing factors to a damaging fire.) Without a fire, firecrackers and fireworks are included in the Discipline Incident Type Code 23 (Weapons – Other.) This code does not include the simple act of lighting a match or lighter.

A student will not cause or attempt to cause damage to any real or personal property by fire or any incendiary device.

Disposition: Ranges from Alternative School Assignment to Expulsion
Law enforcement will be called.

CODE 03: BATTERY

Intentional and substantial physical harm or visible bodily harm to another. As used in the Georgia Code section for this offence, the term "visible bodily harm" means bodily harm capable of being perceived by a person other than the victim and may include, but is not limited to, substantially blackened eyes, substantially swollen lips, or other facial or body part, or substantial bruises to body parts.

This code is only used when the attack is very serious – enough to warrant calling the police.

Battery may include an attack with a weapon that causes serious bodily harm to the victim.

A student will not cause or attempt to cause physical injury or behave in such a way as could reasonably cause injury to another person. A student will not engage in verbal confrontation or other verbal misbehavior including insult, use of profanity, ethnic, racial, sexual, religious slurs, bullying, or harassment that might lead to this offense.

Any student who commits an act of physical violence against a teacher, administrator, school bus driver, or any other school employee will be suspended pending a disciplinary hearing before a tribunal.

The Board of Education will appoint members of the tribunal (which will consist of three certified educators) to determine all issues of fact and intent relative to the alleged incident of physical violence. The tribunal will submit its findings of fact and intent, along with its recommendations of punishment, to the Board as required by O.C.G.A. § 20-2-751.6. The Board will review the findings and recommendations of the tribunal and may follow the recommendation or impose penalties not recommended by the tribunal.

If the student is found guilty of this offense, the discipline will be expulsion, long-term suspension, or short-term suspension. In cases where the act of physical violence results in physical harm, the student will be expelled for the remainder of his/her eligibility to attend public school. If the student is in grades K-8, the Board of Education may, at its discretion and on the recommendation of the tribunal, permit such student to re-enroll in the regular public school program for grades 9-12. The Board of Education may permit the student to attend alternative school for the period of the student's expulsion.

Disposition: Ranges from Short-Term Suspension to Expulsion
Law enforcement will be called.

CODE 04: BURGLARY (Not defined nor reported for student discipline.)

CODE 05: COMPUTER TRESPASS

The unauthorized use of a computer or computer network with the intent of deleting, obstructing, interrupting, altering, damaging, or in any way causing the malfunction of the computer, network, program(s), or data.

Students may not cause or attempt to cause damage to any computer hardware or software.

051 Violation of Computer Ethics

Stealing or copying software that is the property of the Oconee County Schools is strictly prohibited. Students are expected to fully comply with all components of the school system's technology usage agreement. Students who choose to abuse computer privileges are subject to disciplinary consequences. Any violation of the network usage agreement is considered a violation of this code.

Lap top computers and personal desk accessories are discouraged but may be allowed with administrative and teacher approval. Violation of any school rule with such a device will result in loss of privilege and may result in disciplinary consequences.

Disposition: Ranges from a Written Reprimand to Expulsion

CODE 06: DISORDERLY CONDUCT

Any act that substantially disrupts the orderly conduct of a school function; substantially disrupts the orderly learning environment; or poses a threat to the health, safety, and/or welfare of students, staff, or others.

If the action results in a more serious incident, report it in one of the following categories:

061 Misbehavior on the School Bus

In accordance with the law, any form of physical violence, bullying, physical assault, or battery is strictly prohibited on a school bus as it is on other school properties. Any form of verbal assault, disrespectful conduct, or unruly behavior will not be tolerated. Georgia law requires a meeting between the parent/guardian and school officials whenever a student is engaged in any form of bullying, physical assault, or battery on a school bus. This meeting will be for the purpose of assessing age-appropriate disciplinary sanctions/penalties and for developing a behavioral contract specific to the inappropriate behaviors being targeted. This contract will be effective for the period of time set forth by the school administration. Behavioral contracts may be used for other bus misconduct as deemed appropriate by local school administration.

Any violation of the bus rules and anything that the driver deems unsafe or inappropriate will result in a verbal warning, assigned seating, and/or a written referral. All referrals are turned in to the Director of Transportation. The referral will be sent to the appropriate school electronically. Some actions may result in the student being suspended from the bus for a short period of time or expelled from the bus for serious behavior or safety issues.

The Director (or designee) have the authority to board any bus and address any safety/behavior issues that they observe, or when requested to do so by the school and/or driver. All transportation employees who enter a school bus should notify students of their name, position/title, and the reason for entering the bus.

Each records custodian in the school district will maintain a record of each request for access to and each disclosure of personally identifiable information from the educational records of a student in accordance with regulations governing the Act.

A parent or eligible student who believes his record contains an error may request its correction by submitting a written explanation of the error and the basis for believing it to be in error to the principal or his or her designee, who will investigate and determine whether or not to amend the record. If the matter cannot be thus resolved, a parent or eligible student may request a hearing pursuant to federal regulations at 34 C.F.R. 99.21-99.22 as well as applicable state regulations. If the hearing results in a determination that the record contained erroneous information, it will be corrected and the parent or

eligible student will be informed in writing of the correction. If the information contained in the record is determined not to be erroneous, the parent may place a statement in the record commenting upon the contested information and stating the basis for disagreement. The statement will thereafter be disclosed whenever the portion to which it relates is disclosed.

If you do not wish for your child's Directory Information to be released during the school year, you may obtain an Opt-Out form to complete from the main office of your child's school. If you do not complete this form, the school system will assume that you authorize such disclosure when this information is requested.

GENDER EQUITY IN SPORTS

Grievance Procedures

In accordance with the Gender Equity in Sports Act, it is the policy of the Oconee County Board of Education to prohibit discrimination based on gender in its school athletic programs. The following grievance procedures are hereby adopted to provide for prompt and equitable resolution of student complaints. Included are those brought by a parent or guardian on behalf of his or her minor child, who is a student, alleging any action that would be a violation of the Gender Equity in Sports Act.

1. The student, parent, or guardian must submit a complaint on the proper form, which can be picked up at any middle or high school in Oconee County Schools. This form is to be completed and submitted to the principal of the student's school, the school-level Sports Equity Coordinator/Athletic Director or the Sports Equity Coordinator for Oconee County Schools (Director of Student Services, P.O. Box 146, Watkinsville, GA 30677). The principal or sports equity coordinator will date stamp the complaint when received.
2. The sports equity coordinator will review the facts regarding the circumstances surrounding the complaint. The sports equity coordinator may obtain additional information from the complainant and/or other individuals who may have knowledge of the circumstances surrounding the alleged violation. The confidentiality of any information obtained will be maintained in accordance with federal law, state law and the school system's policies on confidentiality of student and employee information.
3. The sports equity coordinator will render a decision in writing no later than 30 calendar days after receipt of the complaint. The document will set forth the essential facts and rationale for the decision.
4. A copy of the decision will be provided to the complainant within five calendar days of the date of the decision, either by certified mail or hand delivery to the address provided by the complainant on the complaint form.

Such decision will set forth the essential facts and rationale for the decision.
7. A copy of the decision will be provided to the complainant within five calendar days of the date of the decision, either by certified mail or hand delivery to the address provided by the complainant in the appeal.

GRADE PROMOTION PROCEDURES

Refer to Oconee County Schools Board of Education Policy IHE.

HARASSMENT OR DISCRIMINATION REPORTING

Everyone in Oconee County Schools has the right to feel respected and safe. Consequently, we want you to know about our policies and regulations regarding harassment and discrimination.

The school district does not discriminate on the basis of race, color, religion, national origin, age, disability, or sex in its employment practices, student programs and dealings with the public. It is the policy of the Board of Education to comply

fully with the requirements of Title VI, Title IX, Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act, and all accompanying regulations.

Any employee, student, applicant for employment, parent, or other person who believes he or she has been discriminated against or harassed in violation of school system policies must make a complaint in accordance with the procedures outlined in policy regulations. Policy GAAA deals with employee discrimination/harassment and JAA deals with student discrimination/harassment. The accompanying regulations are GAAA-R(1) and JAA-R(1). Disciplinary consequences for cases of harassment are outlined in JCDA-E, *Student Code of Conduct*. Sexual Harassment is addressed in Code 15 and Code 29 *Bullying* addresses racial, religious, and disability harassment.

A harasser may be a student or an adult. Harassment may include the following:

- Name calling
- Pulling on clothing
- Graffiti
- Notes or cartoons
- Unwelcome touching of a person or person's clothing
- Offensive or graphic posters or book covers
- Violent acts

If any words or actions make you feel uncomfortable or fearful, you should tell a teacher, counselor, principal, or any other official of Oconee County Schools. You may also make a written report. It should be given to any of these persons. Your right to privacy will be respected as much as possible.

We take seriously all reports of discrimination/harassment and will take all appropriate action to investigate such claims, to eliminate the discrimination/harassment and to discipline any persons found to have engaged in such conduct. The school system will also take action if anyone tries to intimidate you or harm you because you made a report.

This is a summary of the school system's policies against discrimination/harassment. A complete copy of the policies is available at the school or district office upon request, or may be viewed or downloaded from the system web site at <http://oconee.schoolwires.net/>

Harassment and discrimination are against the law and will not be tolerated under any circumstances.

HOSPITAL/HOMEBOUND INSTRUCTION

Hospital/Homebound (HHB) services are designed to provide continuity of educational services between the classroom and home or hospital for students in Georgia public schools whose medical needs, either physical or psychiatric, do not allow them to attend school for a limited period of time. Students must be enrolled in a public school in Georgia in order to receive HHB services.

HHB services are not intended to supplant regular school services and are by design temporary. The student must anticipate being absent from school for a minimum of ten consecutive or intermittent school days due to a medical or psychiatric condition. The student's inability to attend school for medical or psychiatric reasons must be certified by the licensed physician or licensed psychiatrist who is currently treating the student for the diagnosis presented.

The parent/guardian should contact the student's school counselor to discuss HHB services and to obtain an application for these services.

INDEPENDENT PSYCHOLOGICAL EVALUATION

If the parent(s)/guardian(s)/surrogate(s) obtain(s) an independent psychological evaluation at his/her expense, the results of the evaluation will be considered by Oconee County Schools (provided that it meets state criteria). However, the school system reserves the right to conduct further evaluations (with parental consent) for placement decisions and/or to establish eligibility for special programs.

INSURANCE

Insurance is offered to each student on an optional basis. Information will be sent home during the first week of school. Parents are responsible for medical bills incurred if children are injured at the school.

MEDICAL INFORMATION

Medication

All medicines, whether prescription or over-the-counter, may be administered only in accordance with the guidelines set forth by the school health service program. As stated in the *Oconee County School Health Service Resource Manual*, all medication must be taken by the parent or guardian to the school and must be in the original container, clearly labeled with the student's name, the appropriate dosage, and the times of the dosage. If it is impossible for the parent or guardian to bring the medication to the school, special arrangements should be made with the school nurse and/or principal.

In the event that a student needs to carry an inhaler, wear a medication patch, or carry any self-administration medication needed for management of chronic disease such as, but not limited to, diabetes or life-threatening allergies, proper documentation must be on file. This will include parent or guardian permission and physician's signature. Parents are encouraged to provide the school with duplicate medication, and supplies in the event a student is unable to self-administer or fail to bring the medication or equipment to school.

Any student possessing prescription or over-the-counter medication not in accordance with these guidelines will be considered in violation of the school district's drug policy and will be subject to the discipline set forth in the *OCS Student Code of Conduct* and/or the student/parent handbook.

Head Lice

Refer to Oconee County Schools Board of Education Policy and Regulation JGC and JGC-R(0), respectively.

Illness and School Attendance

School attendance is very important, but for the welfare of all, please do not send a student to school who is ill. A student should be symptom free for 24 hours before returning to school. The American Academy of Pediatrics states that fever is a temperature of 100.4 or higher. This temperature needs to be measured without fever reduction medication.

Immunizations

A student may not be enrolled or attend school until a Certificate of Immunization, as defined by O.C.G.A. § 20-2-771, has been submitted to the school, unless exempt from this requirement by O.C.G.A. § 20-2-771(d) or €. Failure to comply with this law is a misdemeanor.

PARENT INVOLVEMENT IN EDUCATION (POLICY LEBA)

The Board of Education (Board) affirms and assures the right of parents and legal guardians of children being served in activities funded by Title I the opportunities to participate in the planning, design, and implementation of the Title I program and its activities.

- A. The Board will involve parents in the joint development of a written parent involvement policy that will be incorporated into the school system's plan under section 6312 of the Elementary and Secondary Act (ESEA). The school system will involve parents in the process of school review and improvement under section 6316 through

input received from school level improvement committees, school council meetings with parent membership and through input received from other parent meetings or written surveys. The school system will also establish expectations for parent involvement through written information distributed to parents through system, school, and classroom newsletters, parent contacts, the local media, as well as through school or system websites.

- B. The Board will provide coordination, technical assistance and other support necessary to assist participating schools in planning and implementing effective parent involvement activities to improve student academic achievement and school performance through the distribution of written information and resources and through meetings in or out of the school involving appropriate personnel.
- C. The Board will build the schools' and parents' capacity for strong parental involvement through a variety of activities to include but not limited to:
 - Providing information to parents in written form and through meetings on topics such as the State's academic content standards, State and local student academic achievement standards/assessments, and the requirements of parent involvement under the law;
 - Providing materials and training to help parents work with their children and monitor their progress to improve their children's achievement;
 - Training educational staff on how to build ties between parents and the school;
 - Coordinating and integrating parent involvement strategies with Head Start, Pre-K programs, and other programs, to the extent feasible and appropriate by communicating directly and indirectly with these agencies through verbal or written information when needed;
 - Sending information to parents in a format and, to the extent feasible, in a language that parents can understand; and
 - Providing reasonable support for parental involvement activities as parents request or as the school or system deem appropriate or necessary.
- D. The Board will conduct, with the involvement of parents, an annual evaluation of the content and effectiveness of the parent involvement policy to determine whether there has been increased participation and whether there are barriers to greater participation, particularly by parents who are economically disadvantaged, disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background. This data will be obtained from parent, committee or school council meetings or through parent surveys.
- E. The Board, in conjunction with individual school activities, will, to the extent possible, implement the activities to meet the federal requirements under Title I, Part A, Sec. 6318. It will encourage and support activities that allow the schools to effectively involve parents, which places a positive impact on student success

PROTECTION OF PUPIL RIGHTS AMENDMENT (PPRA)

Definition of Terms Used in PPRA

Instructional Material – Instructional material that is provided to a student, regardless of format, including printed or representational materials, audio-visual materials, and materials in electronic or digital formats (such as accessible through the Internet). The term does not include academic tests or academic assessments.

Invasive Physical Examination – Any medical examination that involves the exposure of private body parts, or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision, or scoliosis screening.

Personal Information – Individually identifiable information including: (1) a student or parent’s first and last name; (2) home address; (3) telephone number; or (4) social security number.

Requirements

No student will be required to submit to a survey, analysis, or evaluation that reveals information concerning:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student or the student’s family;
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incriminating, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or student’s parent; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program), without prior written consent of the parent or eligible student.

A parent of a student may, upon request, inspect any survey created by a third party containing one or more of the items listed above before the survey is administered or distributed by a school to a student and may choose to opt the student out of participation in the survey. The Superintendent will develop procedures for: (1) granting a request by a parent for reasonable access to such survey within a reasonable period of time after the request is received, and (2) making arrangements to protect student privacy in the event of the administration or distribution of a survey to a student containing one or more of the items listed above. The requirements of PPRA do not apply to a survey administered to a student in accordance with the Individuals with Disabilities Education Act (IDEA).

A parent of a student may, upon request, inspect any instructional material used as part of the educational curriculum for the student. The Superintendent will develop procedures for granting a request by a parent for reasonable access to instructional material within a reasonable period of time after the request is received.

Parents will be notified prior to the administration of physical examinations or screenings that the school may administer to students. This notice will offer the parent the opportunity to opt the student out of any non-emergency, invasive physical examination or screening that is (1) required as a condition of attendance; (2) administered by the school and scheduled by the school in advance; and (3) not necessary to protect the immediate health and safety of the student, or of other students.

The parent of a student will be notified prior to the commencement of activities involving the collection, disclosure, or use of personal information collected from students for the purpose of marketing or for selling that information (or otherwise providing that information to others for that purpose). Such notice will offer the parent the opportunity to inspect, upon request, any instrument used in the collection of such information before the instrument is administered or distributed to a student and to opt the student out of such activities. The Superintendent will develop procedures that: (1) make arrangements to protect student privacy in the event of such collection, disclosure, or use and (2) grant a request by a parent for reasonable access to such instrument within a reasonable period of time after the request is received.

If you do not wish for your child’s Directory Information to be released, you may obtain an Opt-Out form to complete from the main office of your child’s school. If you do not complete this form, the School District will assume that you authorize such disclosure when this information is requested.

RELIGIOUS RIGHTS

Student Prayer and Discussion

The Establishment Clause of the First Amendment does not prohibit purely private religious speech by students. Students have the same right to engage in individual or group prayer and religious discussion during the school day as they do to engage in other comparable activities. For example, students may read their Bibles or other scriptures, say grace before meals and pray before tests to the same extent they may engage in comparable non-disruptive activities. Local school authorities possess substantial discretion to impose rules of order on student activities, but they may not structure or administer such rules to discriminate against religious activity or speech. School officials must not, in any way, during school or school related activities, be involved with student prayer since the promotion or endorsement of religion by a school district employee is unconstitutional.

Generally, students may pray in a non-disruptive manner when not engaged in school activities or instruction, and subject to the rules that normally pertain in the applicable setting. Specifically, students in informal settings, such as cafeterias and hallways, may pray and discuss their religious views with each other, subject to the same rules of order as apply to other student activities and speech. Students may also speak to their peers about religious topics just as they might do with regard

to other topics. School officials, however, should intercede to stop student speech that constitutes harassment aimed at a student or a group of students.

Students may also participate in before or after school events with religious content, such as "See You at the Flag Pole" gatherings, on the same terms as they may participate in other non-curricular activities on school premises. School officials may neither discourage nor encourage participation in such an event.

The right to engage in voluntary prayer or religious discussion does not include the right to have a captive audience listen or to compel other students to participate. Teachers and school administrators should ensure that no student is, in any way, coerced to participate in religious activity.

Religion in the Curriculum

It is unconstitutional for educators to teach religion or engage in religious indoctrination and practice in the public schools. It is also unconstitutional to celebrate religious holidays through religious worship or practice. Public schools may teach about religious holidays, including their religious aspects, and may celebrate the secular aspects of holidays, but schools may not observe holidays as religious events or promote such observance by students. Religions must be discussed in a neutral, objective and factual manner. The curriculum's approach may not be devotional or doctrinal, nor may it have the effect of promoting or inhibiting religion.

Religious Literature

Students have a right to distribute religious literature to their schoolmates on the same terms as they are permitted to distribute other literature that is unrelated to school curriculum or activities. Schools may impose the same reasonable time, place and manner or other constitutional restrictions on distribution of religious literature as they do on non-school literature generally, but they may not single out religious literature for special regulation. The right to distribute religious materials is limited if it substantially interferes with the school's activities or infringes upon the rights of other students.

RESPONSE TO INTERVENTION/STUDENT SUPPORT TEAM

In an effort to ensure achievement for all students, Oconee County Schools utilizes Response To Interventions (RTI) to support learners at all levels. All students receive quality standards-based classroom instruction and learning in Tier 1 of RTI. The students who respond inadequately to general education at Tier 1 participate in needs-based strategic interventions in Tier 2 of RTI.

If a school's school-wide screening or progress monitoring indicates a deficit in a specific area, an appropriate instructional intervention is implemented and progress within that intervention is monitored. Students not making sufficient progress with Tier 1 and Tier 2 instruction, who continue to fall behind on benchmark skills and require intense, additional instruction to achieve grade-level expectations, are supported by Tier 3 of RTI.

RIGHT TO REQUEST TEACHER QUALIFICATIONS

In compliance with the requirements of the Every Student Succeeds Act, parents may request information about the professional qualifications of their child's teacher(s) and paraprofessional(s). The following information may be requested:

- Whether the student's teacher
 - has met State qualification and licensing criteria for the grade levels and subject areas in which the teacher provides instruction;
 - is teaching under emergency or other provisional status through which State qualification or licensing criteria have been waived; and
 - is teaching in the field of discipline of the certification of the teacher.
- Whether the child is provided services by paraprofessionals and, if so, their qualifications.

If you wish to request information concerning your child's teachers' and paraprofessionals' qualifications, please contact the principal of your child's school.

SCHOOL BUS RULES AND REGULATIONS

The purpose of this department is to transport students safely to and from school. We believe that all students can and should act appropriately while riding on the bus. Your child will be expected to adhere to the following guidelines as well as the ones already outlined in the Student Behavior Code. **The driver has the authority to assign seats at any time. Drivers also have the authority to add additional rules as they deem necessary.**

- Load/unload in a safe manner
- Watch for driver's hand signal before crossing
- You must be at the bus stop five minutes before the bus arrives
- Talk quietly

Bus Routes

Students are to be at their bus stop five minutes prior to the arrival of the bus.

Cul-de-sacs must remain clear of vehicles, trash cans, basketball goals, and toys to allow for bus entry. If a bus cannot turn around without having to back up because the cul-de-sac is blocked, the bus will no longer enter that cul-de-sac until it is free and clear.

Buses will pick up curb-to-curb whenever possible during inclement weather.

If you have any concerns about your child's route, please call the Transportation Department at 706-769-5130.

Walker and Cyclist Safety

Student safety is a priority of Oconee County Schools. Due to safety issues (such as congested intersections, the lack of sidewalks in many of our school communities, and no crossing guard at any of the school facilities), the school system has made the decision to discourage students from walking or riding their bicycles to/from school. Transportation is provided to all locations within the county, so students are encouraged to take advantage of our transportation system. Any exception to this should be discussed and decided by the individual principal and the parent(s)/guardian(s) of the student.

SCHOOL CLOSINGS

In case of extreme weather conditions or other emergencies, information regarding school closing will be broadcast over local radio and television stations, posted on our web page, and other means of mass communications. The Superintendent makes the decision regarding such situations, and it is reasonable to assume that schools are open and will remain open unless there is a specific announcement to the contrary. Every attempt will be made to limit circumstances under which plans will be altered after the school day has begun, but safety will always be the foremost determining factor. The student information sheet requests directions for such emergency closings. Please return it completed and keep it updated throughout the year. Should we have to dismiss earlier for any reason, the teachers will follow the directions you give us on this form. Occasionally we have to dismiss a few minutes early due to inclement weather. In such cases, we will honor normal dismissal transportation, but students may arrive home a few minutes ahead of schedule.

SCHOOL NUTRITION PROGRAM (Breakfast & Lunch Meals)

Students are encouraged to eat nutritious meals provided by the lunchroom. School meals are planned according to USDA and State of Georgia guidelines. Students are required to select at least one fruit and vegetable with their meal. Good table manners are expected with trays returned to the proper area and eating areas left neat and clean. Students who have a food allergy or other diagnosed life-affecting disability that requires a food substitution must provide a Special Dietary Restriction form signed by a certified medical authority. This form is located on the SNP web page or by contacting the SNP office. *Substitutions may not be made without this form on file.*

Meal prices for paid students are as follows:

SY 17-18 meal prices:

Breakfast at all levels: \$1.50

Elementary Lunch: \$2.50

Middle/High Lunch: \$2.75

Reduced price breakfast will be \$0.30 and reduced price lunch will be \$0.40.

Free and reduced price meal applications are distributed to each student at the beginning of the year and are available at any time during the year. A new form must be completed each year. Completed applications are kept in a secure location at the Central Office and eligibility information is confidential. Applications are subject to a federally required verification process. Families are responsible for all charges incurred prior to the approval of the application. Students may eat both breakfast and lunch on their meal status. Extras (including extra milk) or partial meals are not included in meal benefits and are charged at la carte prices.

Each student has a unique account to which payments are credited. Please pay for meals in advance; non-cash payments are preferred. Payments should be sent in a sealed envelope with the student's first and last name.

Students use their (PowerSchool) student number for lunchroom transactions. Students may eat more than one meal, but only the first meal per serving period is priced as a student meal. Per federal regulations, additional meals are charged at the adult price. Students may not share their student number with friends or siblings.

Parents are welcome and may select any of the menu items offered at the school. Please help us support the Wellness Policy and do not bring fast food meals.

All schools provide a warm breakfast daily. Students who wish to eat breakfast should arrive at school early enough to eat and not be tardy to class. School specific procedures will be detailed in the first few days of school.

Schools may sell extra items for an additional charge. Elementary and middle school students must purchase a lunch or show that a lunch was brought from home prior to purchasing extra items. Students may be required to pay for these items separately from their lunch account. If a student's account is negative, the student may not purchase extras.

Elementary students may charge up to \$9.00, middle school students up to \$5.00, and high school students up to \$3.00 before being offered a courtesy meal. Courtesy meals will be offered until the student's account has been brought up to date. Parents may call the cafeteria at any time to check a student's balance or request a history. Students with negative account balances may have privileges restricted during the school year and may not purchase extras. Report cards will be held and PowerSchool access will be blocked for students with negative accounts at the end of the school year.

Returned Check Policy

Once School Nutrition receives three (3) returned checks from a family written to any school for payment of meals, future purchases through the School Nutrition Program will only be accepted as cash, money order, or credit card (online). Parents/guardians and the school cafeteria will be given written notice and a notation will be placed on the student's account. This restriction affects all students in a family, at all schools, regardless of which school(s) received the returned checks.

OCS may enter into a contract with an electronic check recovery company to collect checks that are returned unpaid. Without further notice, through this company, we may attempt to collect a check electronically if it is returned by your bank for any reason. When you write a check you are consenting to allow electronic collection of any returned check.

If your check is returned unpaid, the face value of the check plus any additional fee authorized by the state of Georgia will be collected electronically from your account, when the funds are available.

Online Payment and Account Monitoring

The School Nutrition Program offers online account management via the web site: www.k12paymentcenter.com. Families may choose to pay online or may send funds directly to the school. Monitoring accounts online is a free service.

SEARCHES

School officials may search a student if there is reasonable suspicion the student is in possession of an item that is illegal or against school rules. Students vehicles brought on campus, student book bags, school lockers, desks and other school property are subject to inspection and search by school authorities at any time without further notice to students or parents. Students are required to cooperate if asked to open book bags, lockers or any vehicle brought on campus. Metal detectors and drug or weapon sniffing dogs may be utilized at school or at any school function, including activities which occur outside normal school hours or off the school campus at the discretion of administrators.

SECLUSION/RESTRAINT OF STUDENTS

According to the State Board of Education Rule 160-5-1-.35, "seclusion" and "restraint" of students is prohibited in all Oconee County Schools. Physical restraint of students may be utilized in crisis situations in which a student demonstrates immediate danger to himself or others, and the student is not responsive to less intensive behavioral interventions.

SECTION 504 OF THE REHABILITATION ACT OF 1973

Any student, parent, or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding the student's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing. The Section 504 Coordinator may be contacted through the school system's central office. Copies of the *504 Procedural Safeguards* and *Notice of Rights of Students and Parents under Section 504* may be found on the system website or may be picked up at the central office or at any of the school offices.

Notice of Rights of Students and Parents under Section 504

Section 504 of the Rehabilitation Act of 1973, commonly referred to as "Section 504," is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that disabled students have educational opportunities and benefits equal to those provided to non-disabled students.

The implementing regulations for Section 504, as set out in 34 CFR Part 104, provide parents and/or students with the following rights:

1. Your child has the right to an appropriate education designed to meet his or her individual educational needs as adequately as the needs of non-disabled students. 34 CFR 104.33.
2. Your child has the right to free educational services except for those fees that are imposed on non-disabled students or their parents. Insurers and similar third parties who provide services not operated by or provided by the recipient are not relieved from an otherwise valid obligation to provide or pay for services provided to a disabled student. 34 CFR 104.33.
3. Your child has a right to participate in an educational setting (academic and nonacademic) with non-disabled students to the maximum extent appropriate to his or her needs. 34 CFR 104.34.
4. Your child has a right to facilities, services, and activities that are comparable to those provided for non-disabled students. 34 CFR 104.34.
5. Your child has a right to an evaluation prior to a Section 504 determination of eligibility. 34 CFR 104.35.
6. You have the right to not consent to the school system's request to evaluate your child. 34 CFR 104.35.
7. You have the right to ensure that evaluation procedures, which may include testing, conform to the requirements of 34 CFR 104.35.
8. You have the right to ensure that the school system will consider information from a variety of sources as appropriate, which may include aptitude and achievement tests, grades, teacher recommendations and observations, physical conditions, social or cultural background, medical records, and parental recommendations. 34 CFR 104.35.
9. You have the right to ensure that placement decisions are made by a group of persons, including persons knowledgeable about your child, the meaning of the evaluation data, the placement options, and the legal requirements for least restrictive environment and comparable facilities. 34 CFR 104.35.

Section 504 Procedural Safeguards

1. Overview-Any student, parent, or guardian ("grievant") may request an impartial hearing due to the school system's actions or inactions regarding the student's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the school system's Section 504 Coordinator; however, a grievant's failure to request a hearing in writing does not alleviate the school system's obligation to provide an impartial hearing, if the grievant orally requests an impartial hearing through the school system's Section 504 Coordinator. The school system's Section 504 Coordinator will assist the grievant in completing the written Request for Hearing.
2. Hearing Request-The request for a hearing must include the following:
 - a. The name of the student

- b. The address of the residence of the student
- c. The name of the school the student is attending
- d. The decision that is the subject of the hearing
- e. The requested reasons for review
- f. The proposed remedy sought by the grievant
- g. The name and contact information of the grievant

Within 10 business days from the receipt of the grievant's Request for Hearing, the Section 504 Coordinator will acknowledge the request in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the grievant of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. Mediation-The school system may offer mediation to resolve the issues detailed by the grievant in his or her Request for Hearing. Mediation is voluntary and both the grievant and school system must agree to participate. The grievant may terminate the mediation at any time. If the mediation is terminated without an agreement, the school system will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. Hearing Procedures

- a. The Section 504 Coordinator will obtain an impartial review official, who will conduct a hearing within 45 calendar days from the receipt of the grievant's Request for Hearing unless agreed to otherwise by the grievant or a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by the grievant or school system, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.
- c. The grievant will have an opportunity to examine the child's educational records prior to the hearing.
- d. The grievant will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the grievant is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel will constitute good cause for granting a continuance of the hearing.
- e. The grievant will have the burden of proving any claims he or she may assert. When warranted by circumstances or law, the impartial hearing officer may require the recipient to defend its position/decision regarding the claims (i.e., A recipient will place a disabled student in the regular educational environment operated by the recipient unless it is demonstrated by the recipient that the education of the person in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. 34 C.F.R.§104.34). One or more representatives of the school system, including one who may offer legal counsel, will attend the hearing to present the evidence and witnesses, respond to the grievant testimony, and answer questions posed by the review official.
- f. The impartial review official will not have the power to subpoena witnesses, and the strict rules of evidence will not apply to hearings. The impartial review official will have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and names of witnesses to be present.
- g. The impartial review official will determine the weight to be given any evidence based on its reliability and probative value.
- h. The hearing will be closed to the public.
- i. The issues of the hearing will be limited to those raised in the written or oral request for the hearing.
- j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
- k. Testimony will be recorded by court reporting or audio recording at the expense of the recipient. All documentation related to the hearing will be retained by the recipient.
- l. Unless otherwise required by law, the impartial review official will uphold the action of the school system unless the grievant can prove that a preponderance of the evidence supports his or her claim.

m. Failure of the grievant to appear at a scheduled hearing, unless prior notification of absence was provided and approved by the impartial review official or just cause is shown, will constitute a waiver of the right to a personal appearance before the impartial review official.

5. Decision-The impartial review official will issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official will not include any monetary damages or the award of any attorney's fees.

6. Review-If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action, or claim available to them under the law or existing state or federal rules or regulations.

SEXUAL ABUSE REPORTING

Any student (or parent or friend of a student) who has been the victim of an act of sexual abuse or misconduct by a teacher, administrator, or other school system employee is urged to make an oral report of the act to any teacher, counselor, or administrator at his/her school.

Any educator receiving a report of sexual abuse or sexual misconduct of a student by a teacher, administrator, or other employee will make an oral report of the incident immediately by telephone or otherwise to the school principal, or principal's designee within twenty four (24) hours.

Any school principal or principal's designee receiving a report of sexual abuse as defined in O.C.G.A. 19-7-5 will make an oral report immediately, but in no case later than twenty four (24) hours from the time there is reasonable cause to believe a child has been abused. The report should be made by telephone and followed by a written report, if requested, to a child welfare agency providing protective services as designated by the Department of Human Resources, or in the absence of such agency, to an appropriate police authority or district attorney.

Reports of acts of sexual misconduct against a student that do not rise to the legal definition of sexual abuse will be investigated immediately by the school or system personnel. If the investigation provides a reasonable cause to believe that the report of sexual misconduct is valid, the school principal or principal's designee will make an immediate written report to the superintendent and the Ethics Division of the Professional Standards Commission.
