

Oconee County Mentor Program

Request for Mentor

Program Description/Information

A Mentor is a trusted adult friend who volunteers his/her time to make a difference in the life of a child. Mentors are not expected to tutor students or participate in activities off the school campus. Mentors who develop meaningful relationships with the students they mentor (the mentee) can offer encouragement that may result in building confidence in the student and helping him/her to achieve in school and in life. All requests are confidential and will be discussed only with the referring person, the student, the student's parents, and the school counselor. Pertinent information about the student may be shared with personnel directly involved in administering the Oconee County Mentor Program for the purpose of matching the student with an appropriate Mentor.
