Georgia High School Association Student/Parent Concussion Awareness Form

SCHOOL: Malcom Bridge Middle School

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor "ding" to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician (MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I give MBMS permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2019-2020 school year. This form will be stored with the athletic physical form and other accompanying forms required by the Dodge County School System.

MEDICAL RELEASE & TRAVEL PERMISSION FORMS

MEDICAL RELEASE

Should your son or daughter have an accident or become ill while participating in the extracurricular activity named, we need your permission to obtain medical help from our medical personnel or local hospital if we are unable to reach you.

In addition, it is important that you understand that it is necessary for each athlete to have adequate medical insurance coverage should an injury occur while participating in an athletic competition or practice. The lower portion of this section, when completed, confirms that your child is covered by medical insurance and that you give your authorization to seek medical attention if necessary. If you do not have medical insurance coverage for your child, school insurance must be purchased before your child can participate in any practices or competitions at MBMS. The basic school insurance covers all sports except football. If your child is participating in football and is not covered under a medical insurance policy, specific school football insurance must be purchased. **Students may not participate in athletics without proof of medical insurance.**

TRAVEL PERMISSION

I hereby give my permission for my son/daughter _____ to go on planned trips associated with his/her participation and as a member of the _____ team.

I understand that these trips will be under supervision of an employee of the Oconee County Public Schools. By execution of this permission slip, the undersigned acknowledges that the proposed trips will be so supervised but may occur at indoor/outdoor locations other than the properties owned by the Oconee County Schools and may expose participants to non-school environment and to the actions of non-school personnel, which environment and personnel are beyond the control of Oconee County Public Schools. The undersigned further acknowledges that these trips may involve motor vehicle travel away from school premises and that the method of transportation is at the discretion of Oconee County Schools. Student athletes may not drive their own vehicles. The students will be expected to travel with his/her team throughout the entire sport as stipulated by the coach or sponsor.

It will be the decision of the head coach of that particular sport or sponsor of the sport whether a student may be released from traveling to or from the school. For a student to be granted permission to travel other than with his/her group or team, the parent/guardian must give each coach a written request prior to that particular activity.

If the coach does agree to release the student to return with the parent/guardian, the parent/guardian must personally see the head coach at the time the student is to be released.

The undersigned hereby releases, individually and as a parent and natural guardian of his/her participating child, Malcom Bridge Middle, Oconee County Board of Education, and any and all employees of same from liability for death, personal injury, and/or property damage that may be sustained by the above referenced student while involved in this travel and related activities.
